

# **Tournament Scoring** **Procedures 2011**

Dear Members,

For those of you who enjoy participating in our members events please take care when filling out your score cards.

During the past few events we have noticed that there are still some members who wrongly enter their score on each hole. They write pluses (over), zeros (par) and minuses (under) instead of their actual gross score.

Unfortunately the tournament committee must run each event with the same level of fairness for every participant and therefore has had no option but to disqualify those players who wrongly entered their gross scores.

In every stroke-play event this must be strictly observed.

Should you have any queries as to what is the correct procedure for filling out your score cards, please don't hesitate to ask myself (General Manager) prior to starting in any event.

On the subject of score cards, we would also like to inform you that all JGCC 45 golf holes will be re-rated in March 2011. This will coincide with our new-look score cards and also some changes to the local rules. So please study the score cards thoroughly when they are in circulation. Knowledge of the Local Rules is also a very important part of the game and we are sure that avoiding discrepancies on-course with regard to rulings will also benefit all players.

Best Regards and Happy Golfing in 2011

**JGCC Management**
